

Registered Charity No. 1018464
Supporting deaf children and their families in Dorset

MISSION STATEMENT

The Dorset Deaf Children's Society is a registered and non-profit making charity which is dedicated to providing support, information and opportunities for hearing impaired children and their families to meet and share experiences.

Operating throughout the county of Dorset it is supported by a committee of unpaid volunteers (Trustees) enabling almost all funds raised through fund raising and donations to be used for the sole benefit of the children and their families.

The society acts as a source of information to enable parents of hearing impaired children to make informed choices. It also gives grants to benefit hearing impaired children.

The society communicates with its members through regular newsletters, facebook, email and a website www.dorsetdcs.co.uk

In this way it ensures there is a dedicated support network for hearing impaired children and their families in Dorset, and continuing opportunities for social interaction to enhance their lives.
